# WHAT OUR TRAINEES HAVE TO SAY!

The course has been highly informative and practical oriented. The instructor is well versed with various aspects of the module and is really adept at explaining the concepts. Overall, the course has been really helpful.

~SAHITYA MANGALAMPALLI ★★★★★

It was a fortunate opportunity to be part of Online Program on Passenger Handling. Prof. Ashraf gave us in-depth knowledge with real life examples he had acquired in his 32 years of experience. Will love to be part of upcoming courses in future.

~SAMARJEET MAURYA ★★★★★

I Thank GMR AA- UAA for arranging this module. I have definitely learned many great lessons for CSA which are never taught in ordinary colleges. This is a must do for every aspiring Aviation Student.

~JAY LAKHANI ★★★★★

Airside operations essential is very interesting and practical module Subhashish sir explained all the airside safety, airfield lighting, etc. in detail with proper videos and examples. Thanks to UAA to bring such knowledgeable module in this pandemic situation to boost my knowledge towards Aviation Industry. Thank you very much!
